Compact	Ford Focus or similar vehicles.
Mid-size	Chrysler Sebring or similar.
Full-size	Ford Taurus or similar vehicles.
Minivan	Ford Windstar GL or similar vehicles.
4x4's	Ford Explorer or similar vehicles.

Why does it say "or similar" next to my car selection? Can't I reserve a specific car make and model? Once you're behind the wheel of your rental car, we want you to thoroughly enjoy your driving experience. So, if you decide to keep your car for a few more days, that's no problem at all! Because Avis offers each customer this same flexibility, please understand that we can't guarantee a specific make, model or color since some of our customers undoubtedly will decide to keep their cars longer than they originally planned.

However, we can promise that, if you reserve in the intermediate car class, for example, we'll have an intermediate available for you - and if we don't we'll upgrade you to a larger vehicle at no extra charge. Upon arrival, you may advise the counter representative of your make and model preference within your car class and, if possible, we will be happy to accommodate your request.
